The fictional short story "Cat Person" was a viral hit, later serving as the basis for a book and a movie. Why? Using concepts from our textbook, offer a reasonable set of arguments for why and how "Cat Person" became a viral hit. What themes does it address about gender and sexuality in America today?

Let's have a look at some CDC data about teen pregnancy. Select 2 key findings from the summary. In light of what you have learned in this course so far, discuss what they mean from a sociological point of view. In other words, what hypotheses can you develop to explain the findings? What other data would you want to know?

Discuss the relationship between climate change and gender inequality using data and insights from the documents you read by UN Women, UN Climate Change, and the Global Gender and Climate Alliance. Offer at least one finding from each of the three resources.

Rubric:
1 point - discussion of climate change and gender inequality
1 point - discussion of a finding from UN Women
1 point - discussion of a finding from UN Climate Change
1 point - discussion of a finding from the Global Gender and Climate Alliance
TOTAL: 4 points possible
